

## IMPROVE YOUR MAINTENANCE WITH THE PERFECT BEARING SOLUTION

With more than 50 years of experience in the bearing manufacture for the automotive sector, we know all the trailer requirements.

Fersa bearing families evolve along with its application, that is why we count with one of the most complete bearing range for trailer of the market.

OUR RANGE INCLUDE ALL THE REFERENCES  
FOR THE KEY APPLICATIONS.

BPW · SAF · MERITOR-ROR · MERCEDES BENZ-JOST

## OUR FIRST F-BOX KIT FOR WHEEL END

**Everything you need for your trailer  
maintenance comes in this box**

F-Box kits are the most complete Fersa solution for the aftermarket.

With the F-Box Wheel end Kit (FWK), we provide all the bearings and components needed to make the wheel end corrective maintenance.

We also provide different preventive solutions such as seals and regrease kits, among others.

All components included in the kits are original material from Fersa Bearings, synonymous with a guarantee of quality and maximum performance.
